## Congratulations! You are a proud owner of one of our fabulous value Annual Passes!

Now you have probably purchased an Annual Pass to visit Adventure Island, Adventure Inside or Sea-Life Adventure as many times as you wish for a whole 12 months (from the time the Pass was activated) but your Pass is also an amazing discount card and, by way of this email, we want to show you the fab savings you can make.

So to start with, here are our three Annual Passes...

There's now just one Adventure Island Annual Pass that lets the lucky pass holder on all our ride band rides for a whole 12 months depending on your height. Like all our Annual Passes, the the Adventure Island Annual Pass only starts when you activate it in the park and that's when your 12 months start. So you can buy a Pass as a gift at Christmas and activate it on the first visit of the following season.
